Ignatius Press is planning to release in September the powerful new feature film on the miracle of Fatima, **THE 13th DAY**. In a world torn apart by persecution, war and oppression, it tells about 3 children who were chosen by God to offer an urgent message of hope to the world.

Based on the memoirs of the oldest seer, Lucia Santos, and many thousands of independent eye-witness accounts, **THE 13th DAY** dramatizes the true story of three young shepherds who experienced six apparitions of Our Lady between May and October 1917, which culminated into the final prophesized Miracle of the Sun on October 13th. Abducted from their homes, thrown into prison and interrogated under the threat of death in the government's attempt to silence them, the children remained true to their story about the crucial messages from Mary of prayer, repentance and conversion for the world.
